## It's Time For an Affordable Safety Solution!

Maintain government safety requirements, minimize down time and increase productivity for less than \$4 a week with our Tail Gate Safety Series. Through the series you pick 52 weekly meetings from our library of more than 700 topics.

You then either read these one-page meetings to your employees, have them read the meetings to themselves or include a copy of the meeting with paychecks. To adhere to compliance requirements employees simply sign the meeting and you file them away. Meetings are available in both English and Spanish for construction, mining, manufacturing, restaurant, hotel, retail and other industries. Call **866-315-0308** to order today.

### Invaluable

*"As the Program Manager of the CompGroup AGC, we represent over 450 commercial construction contractors in the State of Texas. We have found that Safety Services Company has provided an invaluable service to our safety group in providing timely, well presented bilingual tool box topics that are distributed and utilities by all our members."*
